

The Water Plant News

December 2011

LAB SAMPLES FOR NOVEMBER

- 10 Bac-T samples
- 2 Fluoride samples
- 1 TOC sample
- TSS sample

November safety meeting: Fire Prevention.

November M.O.R. mailed on December 1.

At left and above lights are fixed and bulbs replaced. Thurman Electric's Adam Thurman is in the bucket. We had been in the dark for a while due to needed repairs and new bulbs.

At left is a picture of one of our basins. At this time of the year the water is much clearer and easier to treat because of cooler temperatures, less color and not feeding carbon.

Merry Christmas and
Happy New Year!
