RE: Neighborhood Walk

Originally we had scheduled our second Neighborhood Walk for Monday, July 8th. As Kenton and I have discussed plans for the next Walk, due to the holiday and festivities the weekend prior, we think it would be best to move that date to Monday, July 22nd.

The proposed agenda is:

6:00 pm Meet at the Gentleman’s Unlimited Club Pavilion at Lincoln Park and Walk the Neighborhood

7:00 pm Hold City Commission meeting at the Gentleman’s Unlimited Club Pavilion at Lincoln Park.

Included is a map of the proposed route for the next walk and meeting. The week prior to the meeting, we will place signs along the route notifying residents of the walk and inviting them to join the walk.

The Neighborhood Walk and Commission meeting will replace the meeting normally held at noon on that same day. In the event of inclement weather, the walk could be cancelled and the meeting held at 6:00 pm at City Hall. The change in time would make this a Special Called Meeting.

Because of the change in meeting time, I would like to ask for a decision by the Commission.

*Proposed Motion: I make a motion to cancel the regular scheduled meeting on Monday, July 22nd at 12 Noon and have a special called meeting on Monday, July 22nd at 7:00 pm.*

SUBJECT: Small Purchases Policy

Attached is a Resolution amending the City's Small Purchases Policy changing the maximum amount that can be purchased under these policies without formal procurement procedures from $20,000 to $30,000. The Kentucky Legislature made this change in the law in this past legislative session. These policies will take effect on July 1, 2019 to be consistent with the change in the law. In addition, I think it would be a good idea if the Commission would authorize the spending limits of the City Manager and Finance Director to be increased from $5,000 to $10,000 per transaction. There are times where something is needed quickly that may cost more than $5,000, and they do not have the flexibility to take care of the purchase without calling a meeting. We will discuss further at the meeting.
CITY OF FRANKLIN, KENTUCKY

RESOLUTION NO. E-2019

A RESOLUTION OF THE CITY OF FRANKLIN, KENTUCKY AMENDING PREVIOUS RESOLUTION NO. N-2016 SETTING FORTH GUIDELINES FOR GENERAL PURCHASING AND CONTRACT OF GOODS AND SERVICES UNDER $30,000

WHEREAS, the City of Franklin Board of City Commissioners desire to enact a Resolution setting forth guidelines for general purchasing and contracting of goods and services under $30,000.00 which shall become effective July 1, 2019;

NOW, THEREFORE, BE IT RESOLVED by the City of Franklin, Board of City Commissioners, that the Municipal Order shall be amended as follows:

I. General Purchasing/Contracting Guidelines for all purchases and contracts under $30,000.00

A. At the beginning of each fiscal year, the City Clerk shall place an advertisement in the local newspaper requesting any and all providers and contractors who desire to do business with the City of Franklin to send written notification to the City indicating what services or goods, i.e. electrical, plumbing, etc., they could provide to the City. Said advertisement shall specify that anyone desiring to provide services must supply a copy of the Contractor’s General Liability Insurance Policy with limits not less than $500,000.00, proof of workers compensation insurance and proof of a city occupational license must accompany said information. Upon receipt of said information, the City Clerk shall retain the original and deliver copies to each Department Head.

B. Any person or business entity providing any service to the City of Franklin for which said person or business entity would not be covered under the City of Franklin’s Workers Compensation Insurance, shall have a written Contract for Service with the City of Franklin regardless of the amount of said Contract. Said Contract shall be approved by the Board of City Commissioners prior to the commencement of the duties under said Contract.

II. Purchase of Goods Under $30,000.00

A. Purchases between $5,000.00 and $30,000.00 - For all individual purchase of goods between $5,000.00 and $30,000.00, the Department Head must contact providers and obtain at least three written quotes for said goods. When possible, the Department Head shall contact those providers who provided the City information pursuant to Section I herein indicating a desire to provide goods to the City of Franklin. The quotes shall not be made public until presented to the Board of City Commissioners for approval.
B. **Purchases under $5,000.00** – For all purchases of goods under $5,000.00, quotes are not necessary. If said funds are not approved in the budget, then the Department Head desiring to purchase said goods, shall be required to get approval of Board of City Commissioners and the budget must be properly amended prior to making said purchase.

III. **Contract for Services Under $30,000.00**

A. **Contracts between $5,000.00 and $30,000.00** – For all contracts for services between $5,000.00 and $30,000.00, the Department Head must contact providers and/or contractors and obtain at least three written quotes for said services. B. **Contracts under $5,000.00** – For all contracts for services under $5,000.00, quotes are not necessary. However, the Board of City Commissioners must approve said Contract prior to the purchase of goods or commencement of services. Provided, however, that if the good(s) or service(s) are included in the budget that was duly adopted by the Board of City Commissioners and the cost/purchase price is within the budgeted amount(s), no further action is necessary other than approval by the City Manager and/or Finance Director. Contracts for $2,500.00 or less do not need to receive prior approval from the Board of City Commissioners.

C. **Contract Requirements** -- All contracts entered into under Section A and B must be in writing and the Contractor’s general liability insurance policy with limits not less than $500,000.00, proof of workers compensation insurance and proof of a city occupational license must be attached to said Contract prior to commencement of services.

D. **Exceptions** – For those businesses who have an annual contract for services, i.e. landscaping, said contract may be renewed one time without obtaining new quotes so long as said Contractor has performed a satisfactory job and the compensation is under $30,000.00.

In such situations, if quotes and written Contracts for Services cannot be obtained, then the Mayor may approve said purchase of goods or contract for services. Said contractor shall still provide a copy of his/her general liability policy for not less than $500,000.00, workers compensation certificate and occupational license.

MEMORANDUM

To: Mayor Larry Dixon and Commissioners
From: Kenton Powell, City Manager
Subject: Street Closure Request
Date: June 20, 2019

Steve Thurmond, Executive Director of the F-S Chamber of Commerce, has submitted the attached request for street closures for the Garden Spot Run/Walk scheduled for Saturday, August 10, 2019.

This request also includes a request to close a portion of South College Street, Madison Street, Muntague Street and Joker Phillips Drive for the evening of Friday, August 9, 2019, for an event for children ages 6 through 10.

I would like to recommend that the Commission approve the request as presented.

Proposed Action:
Recommend motion to approve the request for street closures for the F-S Chamber of Commerce Garden Spot Run/Walk scheduled for Saturday, August 10, 2019 and to close portions of South College Street, Madison Street, Muntague Street and Joker Phillips Drive for the evening of Friday, August 9, 2019 for the children’s event.
May 31, 2019

Hon. Larry Dixon
Mayor
City of Franklin
P. O. Box 2805
Franklin, KY 42135

Mr. Dixon and Commissioners:

In just a few months, August 10, we will celebrate the 37th edition of the Franklin-Simpson Chamber of Commerce Garden Spout Run/Walk, Presented by Med Center Health/The Medical Center at Franklin Rehabilitation Services. Over the past few years this event has grown from 69 participants in 2007 to 1,035 in 2013 to 1,174 in 2016. While the numbers have begun to fluctuate, this still is considered one of the premier run/walk events in Southcentral Kentucky. Many of the participants are out of towners who typically make the circuit of area runs. In addition hundreds of locals participate in the challenges associated with the walk.

As in the past, it is necessary to close streets during this event. The Chamber appreciates the cooperation of the city bath in allowing the streets to be closed and allowing so many city employees to assist us in so many ways. This event could not have grown to the level it has without the full cooperation of city government and all others involved.

I have attached a course description of the race which designates the streets which, with your approval, would be closed. The race begins at 7:30 am and concludes by approximately 9:00 am. During that time our monitors allow traffic to flow when it is absolutely safe.

Five years ago we added an event Friday night which was a fun run for children between the ages of 6 and 10. This run started and concluded at the side of City Hall. The entire fun run was on South College Street and necessitated the closing of Madison, Montague and Juki Phillips Drive for a short time. We believe this event brought additional attendees to our square on that evening.

I again want to thank the Commission for your past support of this event and request approval to conduct the 2019 event on the streets of the City of Franklin. Together, we continue to make our community a high profile community and one visitors from surrounding areas enjoy visiting.

Sincerely,

Michael S. Thummond
Executive Director
Garden Spot Run/Walk

RE: Street Closure Request

On behalf of the Bicentennial Committee I would like to request permission to close West Kentucky Avenue between Main and College on Friday, July 5th at 4:45 pm. The Committee is planning the Firecracker 200 Kiddie Parade that will begin at 6:00 pm. Kentucky Avenue is needed as a place for participants to register and line up for the Parade. The Parade will take place on the brick sidewalk around the perimeter of the Courthouse and will feature children ages birth to third grade riding in and on people powered vehicles.

Contact has been made with the majority of business owners on West Kentucky Avenue. The sign off sheet is included. There were two businesses that have been closed each time I have attempted to make contact. I will continue to try to contact them so they are aware of the street closure.

Good morning gentlemen. I need help from the city. The Lewis Memorial Home is trying to get a USDA loan to expand our new location. We need a letter from the city endorsing our project. Preapplication for Community Facilities Loan

Dear Ms. Legg:

On behalf of the City of Franklin, I am submitting this letter to convey our support for Lewis Memorial Manor Assisted Living Facility to expand their facilities at the Bowling Green Road location in Franklin, Kentucky.

Like many Cities across our country, there is an immediate need for high quality care and housing for the growing aging population. Lewis Memorial has provided excellent care for years and is a shining example for other organizations to follow for quality elderly care.

As Mayor of the City of Franklin, Kentucky I appreciate Lewis Memorial recent expansion and I have received many positive comments from the public stating what a wonderful asset they are to have in our community. We look forward to what their future expansion will do for our City.

Thank you for your time and consideration.

SUBJECT:  Appointment to EPB Board
DATE:     June 20, 2019

As you know Lester Key was a valued member of the Board of Directors of the Franklin Electric Plant Board for over eight years, his services to this Board will be missed by the City of Franklin as well as his fellow Board members.

Mr. Key was first appointed to the EPB Board in December 2011 to fill a vacant unexpired term of a retiring member. Most recently he was re-appointed to the Board in August 2017 for another four year term to expire on 9/16/2021. A previous Board member, Wayne Powell, offered to fill Mr. Key’s unexpired term on this Board and I would like to recommend his appointment.

Proposed Motion: Recommend motion to approve the appointment of Wayne Powell to the Board of Directors of the Franklin Electric Plant Board to fill the unexpired term of Lester Key which expires on September 16, 2021.

TO: Mayor Larry Dixon and Commissioners
FROM: Shaunnia R. Cornwell, Director of Finance
DATE: June 24, 2019
SUBJECT: Memo to Commission Regarding Property & Casualty Insurance Bid

In May 2019 the City issued a Request for Proposal for our Property & Casualty Insurance. We received six bids (see the attached analysis of bids). The estimated bid prices are as follows:

- Kentucky League of Cities (Agent: Franklin Insurance) $158,133
- Zurich (Agent: Franklin Insurance) $140,330
- Glaze (Agent: Franklin Insurance) $149,164
- Travelers (Agent: Higgins Insurance) $137,059
- Tokio Marine/Houston Casualty (Agent: Higgins Insurance) $125,064
- Brie Lloyd (Agent: Gallagher Insurance) $149,245

In efforts to properly vet these agents and corresponding insurance companies we identified the top three quotes (Zurich, Travelers, and Houston Casualty), and scheduled meetings with the agents, underwriters and loss control specialists. At the conclusion of these meetings we felt very comfortable with the coverage and services offered by all companies.

Naturally Tokio Marine/Houston Casualty rose to the top of our list given the significant variance in price. At that point, we began contacting references for input on both Higgins Insurance Agency and Houston Casualty as a carrier. I spoke with the City Manager at the City of Oak Grove, a municipality similar to Franklin in both size and risk exposure. They have had Higgins Insurance for four years and have been with Houston Casualty for one year and just signed a contract to renew for FY2020. They had nothing but positive praises toward both Higgins and Houston Casualty. I also spoke with the Finance Director for the City of Hopkinsville and a representative, Joey Traughber, from Traughber Mechanical, about Higgins and they both had very positive things to say.

As a result of our very thorough research, we feel as if the lowest, most responsible bid is that of Higgins Insurance/Houston Casualty, and we recommend that our Property and Casualty insurance be awarded accordingly.
Additionally, during the bid process, we asked for quotes on rate caps for two or three years. Houston Casualty has offered a three year rate hold (no increase in rates) provided that, at 9 months, our loss ratio doesn’t exceed 18% and at 21 months our cumulative loss ratio doesn’t exceed 24%. Our estimated average losses have been as follows:

<table>
<thead>
<tr>
<th>Annual Losses</th>
<th>Approx % Loss</th>
</tr>
</thead>
<tbody>
<tr>
<td>FY2014 71,735.79</td>
<td>44.83%</td>
</tr>
<tr>

<td>64.73%</td>
</tr>
<tr>

<td>0.14%</td>
</tr>
<tr>
<td>FY2019 21,695.00</td>
<td>13.56%</td>
</tr>
</tbody>
</table>

Expectation of losses are impossible to project, however, it is our recommendation that we award this three year agreement.

**Proposed Motion:** We recommend awarding this bid to Higgins Insurance Agency, Tokio Marine/Houston Casualty, as the lowest and best responsive and responsible bidder. We also recommend entering into a three year agreement. Additionally, we request authorization for the Mayor to sign all documents related to the award of this bid.

SUBJECT: Discussion Regarding FY2020 Budget

Today is the 2nd and Final Reading of the City’s FY2020 Budget. There has been numerous collaborative hours spent in establishing this budget. The upcoming years are going to be extremely challenging for governmental agencies and the City has been working and strategizing, for over 42 months, on ways to continue servicing this community as efficiently and effectively as possible in light of these challenges.

Here an outline of some data I’ve included. I will speak to these items in a bit more detail at the Commission Meeting:

1. Discussion regarding Capital Purchase Approvals
2. Discussion on a presentation regarding Community Service Requests
3. Assumptions:
   a. Revenue: Sales Tax, Property Tax Rate or Compensation Rate, depending on calculation.
   b. Significant increase in investment income due to changes in investment strategy - increase of approximately $216,000
   i. Expenses:
      1. Cost of Living Adjustment: 2018 COLA is 1.5% (47K GP; 28K FMU)
      2. Insurance: Increase Assumption - $200,000 (15K GP; 45K FMU; 21K SW; Total Increase $25K)
      3. HRA Utilization: Assumption - 66% (Could possibly increase with new HRA Overlay Structure)
      4. Changes to HRA Overlay - Approx $30K Reduction
      5. Retirement: FY2020 Revised Rates (575 K GP; 314K FMU; 23K SW)
      6. All things held constant: Change since FY2019 $189,6K G1; 765K FMU; $5K SW)
      7. Property & Casualty - 22% Decrease (Variance from FY19 $192K to FY20 $126K)
      8. Worker's Compensation - Decrease - $532K (Significant reduction inAddon rating)

4. Authorized a transfer from the General Fund to Municipal Road Aid to fund additional street paving - $150,000
Discussion Regarding FY2020 Budget
~ Continued ~

The City is proud to say our efforts are being realized within the budgetary numbers themselves. We have been able to fund a 2% Cost of Living Adjustment for our employees, absorb the second year of the Pension Increase Phase In, incorporate a 3.0% health insurance premium increase while maintaining a high level of medical coverage for our employees, meet our capital investment needs, and build a capital reserve for future projects.

Since 2011 the City has experienced a 90% increase in the cost of healthcare. However, City leadership has made some very difficult decisions over the past five years, such as moving spouses with other qualifying coverage off the health insurance plan, restructuring our employer funded HRA overlay (our second major overhaul was implemented this year, resulting in an approximate $30,000 savings) and implementing wellness incentives into our personnel policies. As a result, our health insurance expenditures have increased only 8% (our changes this year reduced our increase from 27% to 8% - however, we still feel as if we are providing our employees and their families with excellent, affordable healthcare). If unaddressed, the City’s health insurance costs would have exceeded $1.23 million dollars, more than $460,000 in expenditures than what is reflected today. At the same time, the City has been able to limit employee paid premiums for healthcare to approximately 7.5% of total premium prices.

Also in FY2020 the City has plans to refund and defease its only General Fund Debt, a 2009 general obligation bond. When the Franklin Electric Plant Board purchased the City’s fiber program, a portion of the proceeds were reserved and set aside to defease these bonds upon the call date. The option to call the bonds will be available by October 2019. The principal amount to defease the bonds, in addition to the FY2020 required principal payment, will be $544,000.

Also in FY2020 the City has plans to refund and defease its 2009 Water & Sewer Revenue Bond. The option to call the bonds will be available by October 2019. The principal amount to defease the bonds, in addition to the FY2020 required principal payment, will be $275,000.

The FY2020 budget also reflects considerable community investment. Various community service organizations have been funded a total of 173,000, (also note that an additional $50,500 was prefunded in the FY2019 Budget Amendment.) Some examples of the organizations funded are: Chamber of Commerce, Boys & Girls Club, Good Samaritan, FS Renaissance, FS Arts Council, Human Rights Commission, the Drug Task Force, animal control and extraction, etc. Additionally, he Franklin-Simpson Community Park has been allocated $225,000; $25,000 has been allocated to the Fiscal Court to assist with their jail expenses; $70,000 has been allocated for the Franklin-Simpson Planning & Zoning Commission; $278,000 has been allocated for the jointly funded Franklin-Simpson Fire Department; and $739,000 has been budgeted for the Franklin-Simpson Industrial Authority and/or industrial tax incentives and rebates.

Additionally, this FY2020 Budget reflects an approximate cash outflow of $23,692 for a TAP Grant. If granted, the City intends to construct a cross walk and refuge island for a safer school crossing at the intersection of Wildcat Way and 31-W. The City should know by the fall of 2019 if this grant will be awarded.
Discussion Regarding FY2020 Budget  
~ Continued ~

The City was awarded a $100,000 grant to construct a walking trail on the Hoy Cave Property located at the corner of North 31-W and Hwy 1008. This grant will include cash outflow of $5,600 and City provided in-kind labor totaling approximately $121,000. This project has also been included in the FY2020 Budget.

The City announced in June 2019 that it has been acquiring land with future plans to construct a Police Department. The FY2020 budget reflects an expected cash outflow of $100,000 to complete the demolition and removal of the warehouses on W. Madison street and begin some design and engineering of the Police Department construction plans. This budget also reflects $250,000 in expected cash outflow to finish all the land acquisition necessary to complete this project. This is a total of $350,000 one-time cash outflows. It is this project that has caused on FY2020 budget to have a deficit. Although our current expenditures will exceed our current revenues, the City has adequate unrestricted fund balance to cover this project and has planned for these expenditures.

Although the challenges in the coming years are significant, the City is working diligently to identify ways to continue to meet these needs with as little burden to the taxpayers as possible. Here is one way to explain how dire the unfunded pension crisis is - even when considering all the lean efforts the City has implemented in the past several years, if nothing were to change in the City’s budgetary figures, including both revenue and expenses, between FY2020 and FY2023/2024, except for the phased-in increases to the City’s unfunded pension obligation, the City will be operating with an unbalanced budget by FY2023 or FY2024.

As a point of reference, if we paid Prior Year Retirement Rates on Current Year Salaries:

<table>
<thead>
<tr>
<th>Year</th>
<th>Rate</th>
<th>Increase/Decrease</th>
</tr>
</thead>
<tbody>
<tr>
<td>FY2017</td>
<td>31.06%</td>
<td>Decrease: $149K GF; $65K FMU; $5K SW; TOTAL $219K</td>
</tr>
<tr>
<td>FY2018</td>
<td>31.55%</td>
<td>Decrease: $139K GF; $39K FMU; $4K SW; TOTAL $182K</td>
</tr>
<tr>
<td>FY2019</td>
<td>35.34%</td>
<td>Decrease: $74K GF; $31K FMU; $2K SW; TOTAL $107K</td>
</tr>
</tbody>
</table>

There has been tremendous growth within our community over the past few years. As a result, the City has seen slight increases in its occupational tax revenue streams (however a reduction is expected in FY2020 due to the closing of two industries) and moderate increases in its Insurance Premium tax revenue streams. This has helped considerably in our ability to absorb these pension increases. Although this has been extremely helpful – these rising revenue streams are not expected to continue.

City leadership will continue to make smart and strategic decisions to pave a path through this tumultuous time, while keeping essential services to our community intact.

May 20, 2019

Dear Chris:

The National League of Cities (NLC) Service Line Warranty Program, administered by Utility Service Partners, Inc. (USP), is excited to announce our Cornerstone Partnership with Kentucky League of Cities. Offered at no cost to League members, the NLC Service Line Warranty Program educates homeowners about their service line responsibilities and offers affordable protection from unanticipated service line repair costs. Homeowners in participating cities are eligible to purchase low-cost repair service plans for broken or leaking outdoor water and sewer lines, covering up to $8,500 per occurrence.

Benefits to residents and municipalities include:

- Educates homeowners and reduces local officials’ frustration;
- No cost for Kentucky cities to participate;
- Affordable rates for residents and
- Increases citizen satisfaction.

Important features of the program:

1. USP pays for the repairs, not your residents;
2. Customers are provided with a 24/7/365 repair hotline staffed with live agents;
3. All repairs are performed by local trades by rigorously vetted, licensed and insured local contractors and
4. USP is responsible for all aspects of the program, including marketing, billing, customer service and performing all repairs.

Currently 11 Kentucky municipalities offer the program, which has saved Kentucky homeowners over $10 million in repair costs over the past three years. USP, a HomeServe company, is a BBB Accredited Business with an A+ rating, and we have an outstanding national reputation. This is the only protection program endorsed by the National League of Cities. To date, the program is being offered by over 500 US municipalities.

Utility Service Partners, Inc.
Why Should My City Offer This Program?

Aging infrastructure can be a hassle for homeowners.

- Your homeowners' private lines are subjected to the same elements - root invasion, ground shifting, fluctuating temperatures and more.
- There are 650 water main breaks per day in the U.S., resulting in a daily loss of 7 billion gallons of water.¹
- Household water leaks can waste more than 1 trillion gallons annually nationwide. That's equal to the annual household water use of more than 11 million homes.²

Most homeowners don't have enough savings to cover emergency expenses.

- When water and sewer lines break, many homeowners believe the responsibility to repair them lies with the city.
- When water or sewer lines fail, it can cost a homeowner from hundreds to upwards of $3,500 to repair. Vulnerable

² Source: Water Focus

https://www.utilityservicepartnership.com/
populations are especially susceptible to financial shock when faced with these types of expensive, unplanned repairs.

Why choose to partner with the NLC Service Line Warranty Program?

- At no cost to the city, the NLC Service Line Warranty Program allows homeowners to purchase affordable protection for their water and sewer lines that will cover the cost of repairing leaks, breaks and clogs.
- Contractors are local to the community into which the program has been introduced to help keep money in the local economy.

**Step one**
Execute one-page contract which triggers recruitment of contractors

**Step two**
Work with USP to create resident marketing materials and press release

**Step three**
