GENERAL GOVERNMENT

• Discussion and Possible Action — Fiscal Year 2017 Municipal Aid Cooperative Agreement

The Kentucky Department for Local Government administers the Municipal Road Aid Cooperative program whereby government entities are allocated funds based on their population as determined by the most recent census, with use of the funds restricted to construction, reconstruction and maintenance of streets, and installations affecting those streets, within their jurisdiction. The City has received the annual request to participate in the Cooperative Agreement to receive those funds, as we have in the past. The estimated base amount of funds available, if we participate in the Co-Op, is $165,515.11. Motion was made by Commissioner Barnes and seconded by Commissioner Stewart to adopt Resolution G-2016 and the agreement to participate in the State of Kentucky Municipal Aid Co-op Program for Fiscal Year 2016-2017, and authorize the Mayor to sign any documents necessary per this motion. Voting aye: all. Motion carried unanimously.

• Discussion and Possible Action — Tobacco Free Workplace Policy

City Manager Powell discussed the development of a tobacco free policy for the City of
Franklin, Kentucky. Due to the ever changing health care industry and insurance premium
costs, it is becoming more and more of a factor and the need to encourage a smoke free
working environment. During their recent budget work sessions, the Board of
Commissioners indicated the need to develop such a policy for the City of Franklin. Human
Resource director Rita Vaughn researched what is available and customary in our area, and
several options were presented to the Commission. Following discussion, the entire Board of
Commissioners sponsored preparation of such a policy, and recommended input from City
departments be solicited.

• Discussion and Possible Action — Award Police Department Uniform Bid

Finance Director Cornwell discussed the Franklin Police Department uniform and related
accessories bids that were requested on April 21, 2016, and opened on May 31st. Responses
were received from Bluegrass Uniforms and GALL'S Uniforms and closely reviewed.
Bluegrass Uniform had submitted the lowest cumulative bid for all items, and due to previous
experience the Police Department has experienced with Bluegrass, City staff is requesting the
award be made to Bluegrass with a provision regarding performance. Motion was made by
Commissioner Powell and seconded by Commissioner Dixon to award the Franklin
Police Department Uniform Bid to the lowest and best responsive, responsible bid
submitted by Bluegrass Uniforms subject to an agreeable contract, approved by the City

- Discussion and Possible Action — Purchase of Tablets for Franklin Police Patrol Mobile Data Terminals (MDT)

The Franklin Police Department has been replacing our older Mobile Data Terminals with tablets. The plan approved in fiscal year, 2014-2015 was to accomplish this in three phases. The in-car computers allow an officer to do reports, receive information, and write citations and other functions more efficiently. The third and final phase of this project is scheduled for fiscal year 2016-2017, and we will replace the final six older devices, and leave us with eighteen less expensive and more functional tablets. Each additional year a lease for six tablets will expire and we will replace them with new tablets again. With the help of our new Information Technology service provider, ISTT, staff is recommending the lease of tablets and cases to complete our MDT upgrades. The City of Franklin already has a cellular contract in place with AT&T and these devices can be added to that plan. The equipment amount is still under budget. Motion was made by Commissioner Dixon and seconded by Commissioner Barnes to authorize the lease of tablets and cases as discussed, and the purchase of the other required equipment for the Franklin Police Department Mobile Data Devices in an amount not to exceed $9,000, and authorize the execution of any documents necessary per this action. Voting aye: all. Motion carried unanimously.
